The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 419-666-4450. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbcglossary or call 419-666-4450 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$0** – This plan coordinates with Medicare and pays the part A & B deductibles.	See the Common Medical Events chart below for services this plan covers.
Are there services covered before you meet your deductible?	There is no deductible.	While this plan has no deductible amount, a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your Medicare part A & B deductibles. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	**Yes. $25**/individual for dental	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Annual out-of-pocket limits are coordinated with Medicare and limited to the Medicare-approved amount, less any payments made by Medicare or the Plan. **$500** generic Rx drugs per Medicare enrollee or non-Medicare dependent(s).	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit?	Premiums, deductibles, balance-billed charges, health care this plan doesn't cover, and failure to preauthorize penalties.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	**Yes.** See www.frontpath.com for a list of in-network providers. The plan also uses Express Scripts pharmacies, EyeMed vision providers, and Delta Dental providers. Contact the Fund Office at 419-666-4450 for more information.	You will pay the least if you use an in-network provider. You will pay more if you use an out-of-network/discounted provider. You will pay the most if you use an out-of-network/non-discounted provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
