Toledo Electrical Welfare Fund: Plan M – Medicare Supplement

Coverage for: Individual/Family | Plan Type: Medicare Supplement

The Summary of Benefits and Coverage (SBC) document will help you choose a health <u>plan</u>. The SBC shows you how you and the <u>plan</u> would share the cost for covered health care services. NOTE: Information about the cost of this <u>plan</u> (called the <u>premium</u>) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 419-666-4450. For general definitions of common terms, such as <u>allowed amount</u>, <u>balance billing</u>, <u>coinsurance</u>, <u>copayment</u>, <u>deductible</u>, <u>provider</u>, or other <u>underlined</u> terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbcglossary or call 419-666-4450 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	<b>\$400</b> individual/ <b>\$800</b> family. This <u>plan</u> coordinates with Medicare and pays the part A & B <u>deductibles</u> in most cases.	While this <u>plan</u> has a <u>deductible</u> , because the <u>plan</u> pays secondary to Medicare, the <u>deductible</u> will be covered by the amount of benefit credits applicable in most cases.
Are there services covered before you meet your <u>deductible</u> ?	<b>Yes.</b> Preventative care and services listed as "No charge."	This <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your Medicare part A & B <u>deductibles</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	<b>Yes. \$25</b> /individual for dental (except for diagnostic & preventive services). There are no other specific <u>deductibles</u> .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the <u>out-of-</u> <u>pocket limit</u> for this <u>plan</u> ?	Annual <u>out-of-pocket limits</u> are coordinated with Medicare and limited to the Medicareapproved amount, less any payments made by Medicare or the Plan. <b>\$500</b> generic Rx drugs per Medicare enrollee or non-Medicare dependent(s).	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the <u>out-of-pocket</u> <u>limit?</u>	Premiums, deductibles, balance-billed charges, copayments, health care this plan doesn't cover, and failure to preauthorize penalties.	Even though you pay these expenses, they don't count toward the <u>out–of–pocket limit</u> .
Will you pay less if you use a <u>network</u> <u>provider</u> ?	Yes. See www.frontpath.com for a list of in- network providers. The plan also uses Express Scripts pharmacies, EyeMed vision providers, and Delta Dental providers. Contact the Fund Office at 419-666-4450 for more information.	You will pay the least if you use an <u>in-network provider</u> . You will pay more if you use an <u>out-of-network</u> /discounted <u>provider</u> . You will pay the most if you use an <u>out-of-network</u> /non-discounted <u>provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider</u> 's charge and what your plan pays ( <u>balance billing</u> ). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.

This is not a cost estimator. Treatments shown are just examples of how this <u>plan</u> might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your <u>providers</u> charge, and many other factors.
